

## **DETAILED ACTION**

### ***Examiner Amendments***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative Kamran Emdadi on 6/17/2009.
3. The application has been amended as follows:  
In the claims:
  - Cancel claims 76-78.
4. The previous filed NOA, dated 6/30/2009, had included the change as described in the above paragraph. Examiner cites it here to make sure the change will be included.

### ***Allowable Subject Matter***

5. Claims 38-75 are allowed.
6. The following is an examiner's statement of reasons for allowance.
  - The prior art fails to teach an apparatus of Claims 38, 52, 55, 57, 71, 74 and 75 that specifically comprises the following:
    - The instant application is deemed to be directed to a non-obvious improvement over the admitted prior art of the instant application and the

invention patented in Pat. No. US 6,782,036, US 6,304,618, US 2002/0132600 and WO 0052845. The improvement comprises:

With regard claims 38, 52, 55 and 75, “wherein said processor is configured, for each already determined estimate of at least one of the estimate of the first one of said signals and the estimate of the second one of said signals, to extend each of the at least one already determined estimate with a plurality of potential values, wherein said estimate of said second one of said signals takes into account the estimate of the first signal and the estimate of the first signal is modified in dependence on the estimate of the second signal.” as recited in combination with other limitation as claimed in claims 38, 52, 55 and 75, respectively,

With regard claims 57, 71 and 74, “extending each already determined estimate of at least one of the estimate of the first one of said signals and the estimate of the second one of said signals with a plurality of potential values, wherein said estimate of said second one of said signals takes into account the estimate of the first signal and the estimate of the first signal modified in dependence on the estimate of the second signal.” as recited in combination with other limitation as claimed in claims 57, 71 and 74, respectively.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
